

Description

Dual Flash IQ Evolution employs highly visible, dual amber flashing puks and is ideal for use in and around school zones. The Dual Flash IQ Evolution combines Solagen's solar technology and a programmable timer activation system, enabling customised hours of operation. This unit has a run time of up to 180 minutes per day, and can be programmed up to three years in advance. This product may be provided as supply only, or with installation as an optional extra. Solagen does not supply or install posts.

Features/ Benefits:

- Can be programmed for up to 6 different activation times per day (palm programmer or Sentient connection required)
- Customisable hours of operation
- Concealed anti-vandal fittings
- Anti-twist bracket and solar panel mounts
- Tamper proof in-post cabling
- Adaption kits available to suit various posts
- Highways Agency Type Approved
- Inclusive of 5 year parts warranty (and 5 year Labour warranty if installed by Solagen)
